

A wireframe of a news application interface. The top navigation bar includes categories: 'The economy', 'Technology', 'Environment', 'Crime', 'Science', 'Sport', 'Celebrity gossip', and 'Education'. The main content area is titled 'HEADLINES' and displays a list of 8 news items. Each item has a category label (e.g., 'Sport'), a title, a status label ('NEW' or a play button), and a comment count. The bottom navigation bar contains icons for a calendar, envelope, eye, and smartphone.
